The seal of approval of the world's leader in pool cleaner technology.

Three-dimensional filter

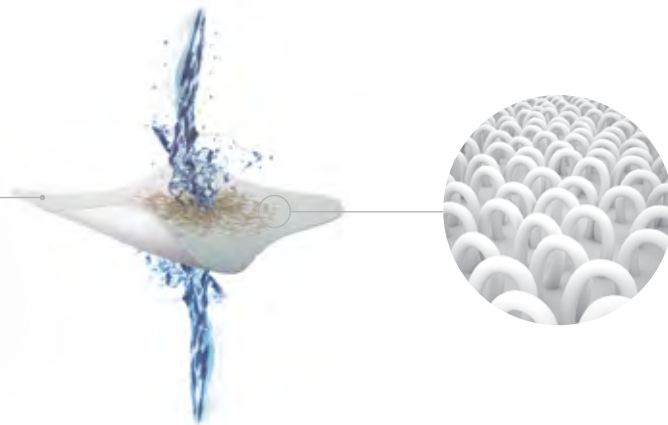

Smart technology and exceptional filtration

New three-dimensional filter

AstralPool has a new 3D filter as a standard feature.

The new filter bag with three-dimensional fabric has loops that trap the smallest microparticles. It cleans four times better than other standard filters.

Gyro technology

Smart, efficient and thorough cleaning

Gyro is a **smart navigation** system, exclusive to AstralPool, that guarantees pools are completely cleaned in each cycle. It avoids all types of obstacles and has a tangle-free power cable.

Completely clean in one cycle.

Advantages

The Gyro system scans and memorises the shape of your pool, so that it avoids obstacles and completely cleans the pool's bottom, walls and water line in record time.

Gyrosopic nanotechnology.

Avoids obstacles.

Prevents the cable from getting tangled.

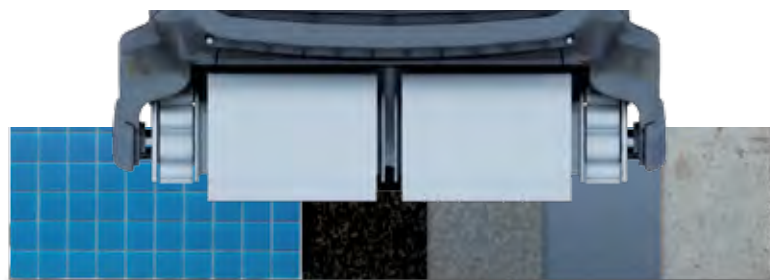

Your pool cleaner is technology

Built-in controls

The power supply includes a programmer and you can also use a remote control to adjust the settings.

06

For all types of pools

All our cleaners have PVA wheels and brushes.

The PVA wheels used in all of AstralPool's range of cleaners will ensure that your cleaner adapts perfectly to any surface, whether tiling, a liner, polyester or painted concrete.

They ensure maximum grip to walls and all types of slopes.

Adjustable nozzles

Greater adjustment, greater suction

Greater suction power

The adjustable nozzles enhance suction according to the type of dirt to be cleaned. In the case of pools close to a beach or sandy environments, the nozzles should be lowered so that they are able to vacuum every last particle of sand.

07

For all types of dirt

Easy-to-adjust nozzle.

+ ← → -

Nozzle retracted.
For light particles.

Nozzle released.
For heavy particles.

Which is the right cleaner for you?

The leading model

Top-of-the-line robotic cleaner

hurricane

AstralPool's Hurricane is our leading model of robotic pool cleaners. Its cutting-edge technology and contemporary design make it our top-of-the-range cleaner for private pools.

Front.

Side.

Bottom.

Top.

Advantages

All about Hurricane

Three-dimensional filter

Comes with a new ultrafine 3D filter as a standard feature.

LED indicator

The LED indicator shows when the filter is full.

Easy view

The transparent windows make it easy to see the level of debris.

Easy open

The filters are easy to reach from the top of the cleaner.

Clean hands

There is no need to come into contact with the dirt to clean the filter.

PVA brushes

The best quality for a better grip on stick surfaces.

Adjustable suction nozzles

Maximum suction.

... and the best technology

A thorough clean every time

GYRO

This new smart navigation system will ensure your pool is thoroughly cleaned every time. It avoids all types of obstacles and has a tangle-free power cable.

Dual drive motors

In Duo models, the cleaner has two traction drive motors and one pump motor that improves performance, power and turning radius.
